

This report is generated to recognise the discontinued products with their sales in the latest year 1998 from the records. It also shows the Customer details who purchased the product to further investigate the reasons for the product being discontinued. It can be used to identify potential profit making products that the company should re-trade in.					
Total Sales of Discontinued products (1998)					
Product ID	Product Name	Order ID	Customer ID	Company Name	sales
